

Warm Welcome to the Nepalese Delegation  
to the Topic Day

Research on Natural Hazards:  
Focus Landslides, Earthquakes, Dam Breaks

Magdeburg-Stendal University of Applied Sciences

## Program

- 9.30 am Welcome,  
Prof. Dr. Torsten Schmidt, Dean  
Department Water, Environment, Civil Engineering and Safety
- 9.45 am Introduction to University and Department  
Prof. Dr. Petra Schneider, Department Internationalization Officer
- 10.00 am Introduction of Approaches to Natural Hazards Modelling  
Dr. Fengqing Li, Representative of the TRANPOND project
- 10.20 am A Case Study of Natural Hazards Modelling for Critical Infrastructures at  
Mailuu Suu, Kyrgyzstan, Dr. Fengqing Li)
- 11.00 am Coffee Break

[Research on Natural Hazards: Focus Landslides, Earthquakes, Dam Breaks – 09.11.2023](#)

## Program

- 11.10 am      Organisation of Civil Protection in Germany  
Prof. Dr. Stefanie Schubert-Polzin, Professor for Civil and Fire Protection
- 11.40 am      Nature-based solutions for Slope Stabilisation and Landslide Precaution  
Prof. Dr. Petra Schneider, Professor for International Water Management,  
Director of the Master Program Ecological Engineering
- 12.10 pm      Lunch Break and Walk on Campus
- 13.30 pm      Real Lab: Dam Break Test  
Prof. Dr. Bernd Ettmer, Professor for Water Engineering
- 14.30 pm      Final Discussion
